Report on Research Methodology workshop

A one-day State Level workshop on Research Methodology was organized by Department of Economics, History and Geography of Rayat Shikshan Sansthas Shripatrao Kadam Mahavidyalaya Shirwal and Yashwantrao Chavan Mahavidyalaya Pachwad on 28 March 2023. And a total number of 102 students attended this workshop from various colleges

Research methodology workshops are designed to provide students with practical knowledge and skills related to conducting research. They are typically organized by academic institutions and research organizations and are often led by experienced researchers or subject matter experts. The workshops typically cover a range of topics related to research, such as research design, data collection and analysis, literature review, and ethical considerations. Additionally, they may provide information on intellectual property and patent-related issues, as these are important considerations for many research projects. Workshops may also cover career opportunities in research and related fields, highlighting the diverse range of careers available to those with research experience and expertise.

In the Inaugural function Director, Research and Development cell, Karmaveer Bhaurao Patil University, Satara Dr. Sarfraj Mujawar told in his keynote address Invention and innovation are two essential components of research. Invention involves the creation of new ideas, processes, or products, while innovation involves the practical application of these ideas to solve real-world problems. These two concepts are critical for advancing knowledge and improving our lives. Research is an essential component of academic and professional pursuits, and it offers numerous career opportunities. Research can be conducted in various fields, such as science, technology, engineering, and mathematics, and it can lead to new discoveries and innovations that can benefit society. Moreover, research skills are highly valued in many professions, including academia, industry, government, and non-profit organizations. Individuals with research experience and expertise are often sought after for positions that require critical thinking, problem-solving, and data analysis skills.

Chief guest of the Workshop Hon. Dr. Manjushree Bobade told in his speech gave thorough guidance to the students regarding the preliminary preparation and scope of the research topic and Our College I/c Prin. Hon. Dr. Pratapsinh Mane in his presidential speech gave thorough guidance to the students regarding Research is an essential component of any academic pursuit, and it is a critical tool for solving real-world problems.

In the next session Prof. Dr. Vinod Veer (Kisan Veer College, Wai Dist- Satara), Dr. Bhagwat Gadekar (B.Y.K. College of Commerce, Nashik) and Dr. Vinayakrao Jadhav (Chatt. Shivaji College, Satara) told in their Speech research can be an excellent way for students to gain practical knowledge and skills related to research, and to better understand the scope and potential of this field. Research methodology in social science involves a set of principles, procedures, and techniques used to conduct research in the social sciences. The purpose of research methodology is to provide a framework for conducting research that is reliable, valid, and accurate. This includes selecting appropriate research methods, designing research studies, collecting and analyzing data, and interpreting research findings. The social sciences encompass a broad range of disciplines, including sociology, psychology, anthropology, political science, economics, and many others. Each of these disciplines has its unique research methods and techniques, but they all share a common goal of studying human behavior and social phenomena. All resource person gave detailed guidance on innovation and invention in his lecture with appropriate examples. students were told how to make a good research project. , Also all the questions of the students were answered satisfactorily and their doubts were cleared.

Overall, In this workshop, has covered the basics of research methodology in social science, including research design, data collection, data analysis, and interpretation of research findings. We will also discuss various research methods commonly used in social science research, such as surveys, experiments, and case studies. this workshop will help to students develop a solid understanding of research methodology in social science and equip you with the skills and knowledge necessary to conduct high-quality research.

The program was moderated by Prof. Dr. Subhash Aher and Prof. Rahul Ingale , while introduction and introduction of the chief guest by the Chairman of the Research Committee Dr.Uddhav Ghodake and at the end of the program Dr. Samadhan Shinde thanked everyone of the program.

For the success of the said one-day research workshop, the Vice-Principal Dr. Sunita Suryavanshi, Research Committee Head Dr. Uddhav Ghodake, Dr. Samadhan Shinde, Dr.Sadashiv Bankar, Prof.Jamdade Nilesh , Prof.Sanjay Sable, Dr. Subhash Aher ,Prof. Rahul Ingle etc., professors and many office workers made efforts.

Outcome of the Workshop-

Research methodology workshops can be an excellent way for students to gain practical knowledge and skills related to research, and to better understand the scope and potential of this field.

Feedback Analysis Report

On

Research Methodology workshop

❖ **Introduction:**

This report provides a feedback analysis on the One day Workshop on research methodology conducted on March 28, 2023 organized by Yashwantrao Chavan College Pachwad and Department of Economics, History and Geography of Rayat Shikshan Sanstha's Shripatrao Kadam Mahavidyalaya, at Shirwal . The workshop was attended by 97 participants from different academic institutions and Colleges. The workshop was organized to enhance the participants' knowledge and understanding of research methodology.

❖ **Resource Person:**

The resource person for the workshop was Dr. Sarfraj Mujawar, Dr. Bhagwat Gadekar, Dr. Vinod Veer and Dr. Vinayakrao Jadhav. The majority (95) of the participants found the resource person to be highly knowledgeable and experienced in the field of research methodology. The resource person was able to answer most of the participants' queries and provided relevant examples to clarify the concepts. The participants appreciated the resource person's teaching style and interactive sessions.

❖ **Speakers Understanding of the Topic:**

The speakers who delivered lectures during the workshop showed a clear understanding of the topic. They were able to explain the concepts and theories in an easy-to-understand manner. They provided practical examples to demonstrate the application of research methodology in real-life situations. The 89 participants were satisfied with the speakers' level of expertise and appreciated the depth of their knowledge.

❖ **Relevance of the Topic:**

The 93 participants found the topic of research methodology highly relevant to their academic and professional pursuits. They appreciated the workshop's focus on enhancing their knowledge and skills in research methodology. The 75 participants expressed their interest in attending similar workshops in the future to learn more about research methodology.

❖ **Content of the Lectures:**

The content of the lectures was comprehensive and covered various aspects of research methodology. The 91 participants found the lectures informative and well-structured. The speakers used visual aids, such as slides and diagrams, to explain the concepts and theories. The participants appreciated the practical examples and case studies presented during the lectures.

❖ **Time Management:**

The workshop was well-organized, and the sessions were conducted as per the schedule. The 88 participants appreciated the punctuality of the organizers and the speakers. However, 12 participants felt that more time could have been allotted for the interactive sessions and discussions.

❖ **Food: Food and Accommodation:**

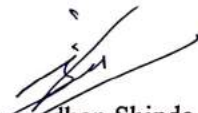

The food and accommodation provided during the workshop were of high quality and met the participants' needs. 97 Participants appreciated the variety of food options available, and the accommodations were comfortable and clean. However, some participants felt that the food was not served on time, which led to delays in the sessions

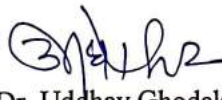

❖ **Overall Arrangement of Workshop:**

Overall, participants were highly satisfied with the organization and arrangement of the workshop. The sessions were well-structured, and the organizers were attentive to participants' needs and concerns. The workshop provided an excellent learning opportunity, and 75 participants noted that they would be interested in attending similar workshops in the future.

❖ **Conclusion:**

Overall, the research methodology workshop was successful in achieving its objectives. The participants found the workshop informative, relevant, and engaging. The speakers and the resource person were highly knowledgeable and experienced. The content of the lectures was comprehensive, and the workshop was well-organized. The feedback from the participants will be considered for future workshops to improve the quality and effectiveness of the programs.
